PhDr. Mgr. Katarína Pinčáková, Ph.D. – works as an assistant professor at the Department of Laboratory Medicine and as a biomedical scientist at the Hematology Department of the University Hospital Trnava. She teaches the courses Diagnostic Methods in Hematology and Transfusion Medicine, Seminar for Bachelor's Thesis, and Seminar for Master's Thesis. She is currently also the Coordinator of Students' Professional Laboratory Practice and manages the department's website. She is a member of the Slovak Chamber of Other Health Professionals and a member of the Ethics Committee of the Faculty of Health and Social Work at Trnava University. As a part of her research area, she mainly focuses on the field of hemostaseology. In this direction she closely cooperates with the Clinic od Neurology, Faculty Hospital Trnava and SMU. In the center of her attention are primarily patients with acute ischemic stroke.

Born: 1993
Ph.D.: 2022
